In response to the Final Office Action dated September 10, 2010, Applicant believes that the only rejection is the obviousness-type double patenting rejection. To address this rejection Applicant resubmits a Terminal Disclaimer with signature of an attorney of record at the time the Power of Attorney was originally executed by Applicant in this matter. (This was believed to have been the case with the previous submission of the Terminal Disclaimer, but to address the rejection Applicant hereby submits a Terminal Disclaimer signed by Applicant's representative, Timothy E. Bianchi, who was of record at the time of filing of this application.) Consequently no amendments to the claims have been made in this Response.

The rejection also requires a Power of Attorney. This is evidenced by the Power of Attorney to Prosecute Applications Before the USPTO and Statement Under 37 CFR 3.73(b) filed on July 19, 2010 (copy attached).
